

Dear Parent/Guardian,

Your young person will be taking part in outreach activities hosted by Queen Mary University of London. Through these activities, they will gain a deeper understanding of higher education.

Queen Mary is required to monitor and evaluate all outreach activities, which are designed to support students to make informed decisions about higher education. We are keen to ensure the work we do has a positive impact by monitoring data for a prolonged period. For some activities, we also have a responsibility to provide evidence on the value of the work we do to the Office for Students (OfS). As such, we would be grateful if you could complete this short form so that we can continue running outreach activities in the future.
