

Careers Programme 2020-21

At St Paul's Way Trust School, we are committed to providing all learners with access to a high quality and stable careers programme. We strive to develop our students into successful global citizens, fully prepared and able to meet the demands of adult working life both in Britain and the wider, international labour market. This careers programme takes "Vision", as one of our six graduate strands, and develops it into the "Transform, Inspire, Succeed" programme.

- To **TRANSFORM** learners through a series of entrepreneurial programmes and classroom careers learning that encapsulates the importance of subject learning and its relation to the global labour market.
- To **INSPIRE** learners through both subject specific and broader mentoring, as well as engagement with external providers.
- To **SUCCEED** by embedding strategies that focus on pathways and the learner's future in the labour market such as, interview preparation, pathways mentoring and work experience.

	Aims	TRANSFORM, INSPIRE, SUCCEED at SPWT				Gatsby Benchmarks	CDI Framework

*Please note that we also offer a range of internal and external ad-hoc career activities and events that occur in addition to the above throughout the academic year.

*This careers programme can be accessed on the school website at: www.spwt.net/secondary/careers-guidance

CDI Framework

Gatsby Benchmarks

Benchmark	Description
1. A stable careers programme	Every school and college should have an embedded programme of career education and guidance that is known and understood by pupils, parents, teachers and employers.
2. Learning from career and labour market information	Every pupil, and their parents, should have access to good-quality information about future study options and labour market opportunities. They will need the support of an informed adviser to make best use of available information.
3. Addressing the needs of each pupil	Pupils have different career guidance needs at different stages. Opportunities for advice and support need to be tailored to the needs of each pupil. A school's careers programme should embed equality and diversity considerations throughout.
4. Linking curriculum learning to careers	All teachers should link curriculum learning with careers. For example, STEM subject teachers should highlight the relevance of STEM subjects for a wide range of future career paths.
5. Encounters with employers and employees	Every pupil should have multiple opportunities to learn from employers about work, employment and the skills that are valued in the workplace. This can be through a range of enrichment activities including visiting speakers, mentoring and enterprise schemes.
6. Experiences of workplaces	Every pupil should have first-hand experiences* of the workplace through work visits, work shadowing and/or work experience to help their exploration of career opportunities, and expand their networks.
7. Encounters with further and higher education	All pupils should understand the full range of learning opportunities that are available to them. This includes both academic and vocational routes and learning in schools, colleges, universities and in the workplace.
8. Personal guidance	Every pupil should have opportunities for guidance interviews with a careers adviser, who could be internal (a member of school staff) or external, provided they are trained to an appropriate level. These should be available whenever significant study or career choices are being made. They should be expected for all pupils but should be timed to meet their individual needs.

Developing yourself through careers, employability and enterprise education

1. Self-awareness	Individuals who realistically appraise their qualities and skills, roles and responsibilities, values and attitudes, needs and interests, aptitudes and achievements are better able to understand themselves, make informed choices and relate well to others. Self-awareness is essential for nurturing self-esteem, identity, and personal and mental wellbeing.
2. Self-determination	Self-determination or self-regulation promotes personal autonomy, self-efficacy and personal agency. It boosts hope, optimism, adaptability and resilience. Self-determination empowers individuals to aspire and achieve.
3. Self-improvement as a learner	Self-improvement sustains positive attitudes to learning throughout life. It fosters the skills of planning, review and reflection. Understanding what they have learned, what they need to learn next and how they learn best enables individuals to continue to improve

Learning about careers and the world of work

4. Exploring careers and career development	Career exploration expands individuals' horizons for action and awareness of opportunities. An understanding of career processes and structures enables individuals to make sense of their own careers, understand the career experiences of others and contribute in important ways to the career wellbeing of others.
5. Investigating work and working life	Investigating people's changing experiences of work enables individuals to understand the meaning and purpose of work in people's lives. They learn what constitutes good or decent work and how to find it for themselves.
6. Understanding business and industry	Understanding different sizes and types of business organisation, why they are organised as they are and how they view success enables individuals to prepare for employment and to appraise the contribution of business and industry to community, social and economic life.
7. Investigating jobs and labour market information (LMI)	Individuals need to know how to access, analyse and act on relevant, objective and up-to-date job and labour market information when thinking about careers, employability and enterprise. They also need to know how to protect themselves from subjective and biased information.
8. Valuing equality, diversity and inclusion	Individuals need to share in the commitment to equality, diversity and inclusion as a British and international value. By countering stereotyping, discrimination and prejudice, individuals can realise their own ambitions and help others to do the same.
9. Learning about safe working practices and environments	Learning about safe working practices and environments helps individuals to keep themselves and others healthy and safe at work.

Developing your career management and employability skills

10. Making the most of careers information, advice and guidance	Individuals need to learn how to recognise, access and make effective use of trustworthy sources of information, advice and guidance which are offered on a one-to-one or small group basis, both online and in person. This includes being actively involved in identifying their needs and how they can be met.
11. Preparing for employability	Preparing for employability is about enabling individuals to gain the skills and experience they need to get, maintain and make progress in employment or self-employment including networking, negotiation and self-advocacy and staying healthy.
12. Showing initiative and enterprise	Showing initiative and enterprise is about helping individuals to make the most of their opportunities, manage risk-taking and demonstrate drive and determination, especially in a business sense.
13. Developing personal financial capability	Being able to calculate and compare the costs and benefits of different living, education, training and employment options, considering any financial support that may be available, is an increasingly important skill for individuals to develop. They need to know how to make budgeting and financial planning decisions about spending, borrowing, saving and investing to safeguard their economic well-being now and in the future. Personal financial management is part of citizenship at KS3 & 4 and interpreting and solving problems in financial contexts is part of maths at KS3 & 4.
14. Identifying choices and opportunities	Individuals need to know how to identify and investigate possible choices, progression pathways and qualifications that are in their best interests to consider. This includes being able to respond effectively to unforeseen or unplanned choices and opportunities.
15. Planning and deciding	Individuals need to know how to make and carry-out carefully-considered and negotiated decisions and plans. This also involves showing persistence and resilience to cope with chance events and any unintended consequences of their decisions and plans.
16. Handling applications and interviews	Promoting themselves in a way that attracts the attention of selectors and recruiters, as well as managing the applications process, requires that individuals develop a range of self-presentation and marketing skills including the use of digital and social media. This also requires that they develop strategies to cope with set-backs and disappointment.
17. Managing changes and transitions	Transition confidence and preparedness help individuals to make successful moves such as changing schools, going to university or starting an apprenticeship or employment. Reviewing and reflecting on previous transitions can help individuals to develop the psychological resources to cope with future transitions.

Our Careers Programme and Partnerships Explained

Skills Builder Programme	The Skills Builder Careers Tutor Time Programme is being introduced as part of the wider curriculum. The aim is to ensure that our pupils have the opportunity to build a set of essential skills that colleges, universities and prospective employers require from a candidate.
START Careers Platform	All students will have access to the START profile, a platform that will help them to make more informed decisions about future study and career options and support the transition from education to employment. Some useful areas for students to use on START include: <ul style="list-style-type: none"> - Job Profiles: includes information such as qualifications needed for a particular job role, interactive activities and live vacancies. It also uses the student's profile to let them know whether their skills/ratings match the job they are looking at. - What to Study: provides possible options and choices for future study - Where to Learn: a map-based search for colleges/universities as well as qualifications and subjects in certain areas - World of Work and Employability: Web links to websites/brand partners/articles
IntoUniversity Programme	This programme provides young people with the support they need to succeed in school, improve their employability and achieve their ambitions.
Prince's Trust Mentoring Programme	Mentoring programmes join students up with volunteers from a wide variety of careers/organisations to bolster their engagement in their classroom learning. Students are provided with the opportunity to work with a mentor on a variety of subject areas, ranging from soft skill development to support in GCSE options and various pathways.
Prince's Trust Enterprise Challenge	The Enterprise Challenge is a national competition that allows our Year 9 students to understand business concepts and they can apply them in the real world. The challenge builds confidence and raises aspirations.
Pathways Event	SPWT is committed to ensuring that students in Year 9 are given tailored advice and guidance on choosing their Key Stage 4 Pathway in a manner that extends thinking to future careers and ambitions. The QMUL Pathways event is designed to provide parents and students with the opportunity to prepare for this important milestone in their careers.
Work Experience (Year 10 & Year 12)	As part of St Paul's Way Trust School's robust careers programme, and in line with Gatsby Benchmark 6, all students will take part in work experience in both Year 10 and Year 12. Our students have previously gained placements at: Morgan Stanley, NHS, Queen Mary University of London and Bank of America. Students are supported in their work experience journey by industry experts and corporate volunteers.
Career Interviews	Students are entitled to the opportunity to meet with a qualified and professional careers adviser for tailored and impartial information, advice and guidance on post-16/ post-18 options and next steps.
Morgan Stanley Financial Literacy Programme	Business mentors carry out workshops in order to support our students to become more financially literate and equipping them with the knowledge they will need to make smart financial choice in the future.
Morgan Stanley Personal Branding Workshop	Students are invited to interviews when applying to sixth form/college/university and the vast majority of students will be invited to a job interview in the future. Therefore, we invite employers and business volunteers into the school to support our students in presenting themselves during interviews and other professional encounters.
Morgan Stanley Employability Programme	Workshops held for selected students to help raise their awareness about employer expectations and the world of work.
Careers Fair	An opportunity for encounters with a range of employers, further education providers, universities and more. Students are able to ask questions first hand, take advantage of free resources and access to useful information, establish professional relationships, and also discuss potential future opportunities.
Education Business Partnership – Aim2Attain Programme	Aim2Attain is aimed at higher achieving Year 8 students and consists of four workshops held at a chosen organisation. The objective is to maximise student's post-16 and post-18 opportunities (alternative to University).
Deloitte TMT Challenge	Challenge programmes are designed to raise aspirations and provide opportunities for students to work in teams, supported by volunteer coaches/mentors, to come up with a range of creative and viable business/enterprise ideas to pitch to a panel of judges. Examples of Challenges that the school have been involved in include: The TMT Challenge (Deloitte), Enterprise Challenge (The Prince's Trust), The Schools Challenge (Imperial College London and J.P. Morgan)
Deloitte Career Programme	Selected students are provided with the opportunity to engage in workshops and activity days with Deloitte volunteers on a variety of subject areas, ranging from soft skill development to post-16 support.
Mock Interviews	At St Paul's Way Trust School, we understand the importance of preparing our students for the demands of working life. Many students are invited to interviews when applying to sixth form/college/university and the vast majority of students will be invited to a job interview in the future. Therefore, we invite employers and business volunteers into the school to hold one-to-one or group interviews which resembles a real interview.
Science Summer School	Hosted by Professor Brian Cox OBE, Science Summer School offers students an exciting and unique opportunity to explore the world of STEAM (Science, Technology, Engineering, Arts, and Mathematics) through TED-style talks by leading scientists and practical workshops. Students in Years 8, 9, 10, 11 and 13 will participate in either Science Summer School or Curriculum Enhancement Day.
Curriculum Enhancement Day	A variety of exciting trips are planned for students to get them to reflect on their future. Therefore, they will visit a university and/or an organisation for an introduction to higher education and/or employment. Please note, students in Years 8, 9, 10, 11 and 13 will participate in either Science Summer School or Curriculum Enhancement Day.
Education Business Partnership Getting Ahead Conference	Delivered by the Education Business Partnership, the Getting Ahead Employability Conference involves volunteers helping students in Year 10 to work through various activities, covering key skills and employability concepts such as employer expectations, applying for a job, creating CVs and interview skills.
J.P. Morgan/Imperial College - The School's Challenge	Challenge programmes are designed to raise aspirations and provide opportunities for students to work in teams. Students selected to take part in The School's Challenge would work in teams to create innovative prototypes and poster boards developing great teamwork skills and gaining insight into careers in STEM.
