Dear Parent/Carer,

Re: Year 12 Parent/Carer Introduction to the Sixth Form

At St Paul's Way Trust School we value our communication with parents/carers and understand the positive impact this can have on our students. Using the online resources on this webpage, we have provided you with information on the day-to-day running of the sixth form, the opportunities in higher education, the world of work and our school community that are on offer to sixth form students. We are committed to our vision and hope that you and your child will join us as we continue to strive for excellence.

As you are aware, Year 12 students have now been a part of the St Paul's Way Trust School sixth form for nearly half a term. I am delighted to share that students have demonstrated their commitment to the school's vision and are successfully integrating into the sixth form community.

In order for the sixth form team to monitor student progress, thus far, and to ensure that all Year 12 students have access to relevant support, sixth form teachers have taken the time to provide feedback on how the students have settled into their A-level courses, highlighting any concerns in areas of conduct, wellbeing, learning, punctuality and attendance. If your child's teachers have identified any concerns, you will be contacted by a member of the sixth form team.

The second half of the Autumn term is integral to your child's future as they will be sitting mid-year assessments at the beginning of December. The results from these assessments contribute to students' UCAS predicted grades for Year 13. The sixth form team will be providing resources on the importance of exams and revision, as well as offering students the opportunity to complete independent revision during tutor time. We ask that you support your child's academic success by engaging with their studies and monitoring the time they allocate to revision outside of school.

If you have any questions, please do not hesitate to contact the sixth form team on the telephone number below.

Yours sincerely,

Ms Christou

Year Team Leader, Year 12
