

Welcome to St Paul's Way Trust School

10th September 2020

Dear Parent/Carer,

I hope that you and your family are keeping safe and well during these challenging times.

Choosing the right Secondary school for your child is an exciting and significant step however it and can also be a challenging time for parents/carers and students.

At this time of the year the school would, normally, be preparing to welcome year 6 students and parents into St Pauls Way Trust school to speak with staff and students about the school's vision, ethos, values, curriculum and support. This year, however, due to the current restrictions we would like to welcome and communicate with you and your child through our website with content available from 21st September 2020.

Using these online resources, we will be giving you an experience of the school; answering many of the questions you have relating to Curriculum, Enrichment and much more. We will be providing a forum on the website for you to ask additional questions to ensure you are able to get the information you need to make the right choice of school for your child.

At St Pauls Way Trust School, we are committed to our vision and hope your child will join us as we continue to make it a reality.

The Vision

To provide a transformational education for our young people.

The Mission

To make the school 'the best place to learn in, the best place to work in and the best place to partner with'.

The Process

Developing students through a unique curriculum and school experience enabling them to excel in the six graduate strands; Communication, Investigation, Networking, Participation, Scholarship and Vision.

Developing staff through high quality 'research-led' professional development and placing them within high performing teams that support and challenge one another.

Developing exceptional links with families, Trust Partners and other organisations that create exceptional support and opportunities for students and staff.

The Outcome

Confident, compassionate and highly skilled 'SPWT Graduates' who make a positive impact in society.

Committed, skilled and fulfilled staff who enjoy their work and thrive on the successes of their students.

A school that makes a net-contribution through UST to improving education in the UK and beyond.

If you have accessed the materials on the school website and still have more questions, please do not hesitate to call or email the school reception who will be happy to support you. 020 7987 1883 admin@spwt.net

Yours sincerely,

Mr Davey Director of Learning KS3
